PROFILE

Financial Analyst with 9+ years of overall professional experience and an MBA in Finance. Background in branch reporting, cash flow forecasting and financial modelling at Elnilein Bank. Combines Excel reporting automation with financial analysis and operational reporting tools.

PROFESSIONAL EXPERIENCE

Financial Analyst | Elnilein Bank | 2018 - Present

- Worked primarily in the Branch Management Department, with some branch-level experience; prepared branch reports.
- Built Excel models to forecast cash flows and branch profit and loss, supporting liquidity planning and financial performance reviews.
- Prepared monthly branch performance reports, analysed historical and current financial results, and identified trends for management recommendations.
- Reduced daily financial report preparation from more than six hours to under 30 minutes through Excel automation.
- Designed a performance evaluation framework covering 15 KPIs across approximately 40 branches, with reporting and forecasting models.
- Developed Excel tools for salary-cost calculations and operational reporting.
